Population Statistics		29

REPORT NOTES:

An incident that is reported to or discovered by Police where Police believe an offence is likely to have been committed is counted as a Recorded Offence.

A Recorded Offence is considered to be a Resolved Offence by Police when an offender is identified and dealt with. (E.g. warned, cautioned, prosecuted, etc.)

Resolution Rate is the percentage of Recorded Offences that are resolved.

Statistics reported in this document are derived from the Justice sector Law Enforcement System (L.E.S.). These Official Crime Statistics present a snapshot of data in L.E.S. relating to offences within a given year, as at the date 14 days following the end of that year.

If an offence is recorded or resolved 15 days or more after the end of the year it will not appear in the Official Crime Statistics for that or any other year. Resolution Rate, in particular, therefore undercounts the number of cases that Police have resolved. This phenomenon has a more marked impact for some types of offences than others, such as offences that require long investigations (E.g. many serial crimes, burglaries and murders).

Significant changes to use of Police offence codes in 2003/2004 include:

A new offence class - 'Drugs (new drugs)' as part of the 'Drugs and Antisocial' offence category. This class has been introduced to specifically capture offences under the Misuse of Drugs Act 1975 where the drugs involved are Methamphetamine, Amphetamine, Ecstasy, and Fantasy type substances. Previously, such offences were recorded within the offence class - 'Drugs (not cannabis)'.

A new offence code within the offence class - 'Sale of Liquor Act 1989' has been created to specifically capture breach of liquor ban offences. Previously, these were captured within the more general offence class - 'ByLaw Breaches'.

The Crimes Amendment Act 2003 broadened the scope of offences that are classified as 'Burglary' in Police statistics and created additional offences.

A new offence class - 'Dishonesty Miscellaneous' has been created to capture new types of offences, such as computer offences covered by sections 249 - 252 of the Crimes Act.

Resolution Rate

(percentage of recorded offences that are resolved)

* Note that Figures presented on this page refer to a broader definition of offences than was included in previous years. Previously only offences against section 226 of the Crimes Act 1961 were included. This year theft of motor vehicle under section 223 of the Crimes Act 1961 have also been included.

Population Data

Population data is used in this release to calculate crime rates. These data are estimated population figures as at 31 December each year. They have been derived from population estimates as at 30 June each year that have been obtained from Statistics New Zealand.

The estimated resident population is based on the census usually resident population count, with adjustments for residents missed or counted more than once by the census (net census undercount), and for residents temporarily overseas on census night.

These population estimates exclude the number of international students who are studying in New Zealand for less than 12 months.

Year	Population Estimate
19951996	369,185
19961997	379,095
19971998	389,005
19981999	396,650
19992000	401,690
20002001	408,375
20012002	414,570
20022003	427,125
20032004	440,220
